Thought for October a prayer for St Luke's Day

Almighty God you called Luke the Physician whose praise is in the Gospel to be an evangelist and Physician of the Soul, by the grace of the Holy Spirit and through the medicine of the Gospel, give us the same love and power to heal through Jesus Christ our Lord. Amen

St Luke, Gospel Writer is celebrated on October 18th . He is believed to have been a doctor and has become the patron saint of all who work in Medicine and Healing

Thankyou

I would like to thank you all for the cards, gifts and greetings that you have given to me for my sixtieth birthday and for the celebration in Kirkby Church Hall.

Kirkby & Gt. Broughton School & Nursery

It has been wonderful to walk around school over the last couple of weeks and see so many happy children settling back into their learning. The classrooms are already busy with enthusiasm, curiosity and lots of hard work. Our new children across school and in Nursery have settled well and we are delighted to have them in our school family. This year, we will continue to place a strong emphasis on the key skills that underpin success across the curriculum, including mathematics, handwriting, phonics and spelling. These essential skills help children become confident learners and provide the foundations for future success. Alongside this important work, there are some exciting topics planned across the school this term. Children will be exploring fascinating areas of history such as World War II, the Vikings and the Monarchy, bringing the past to life through engaging lessons, visits and activities. We are looking forward to another fantastic year of learning and achievement.

STARS Accreditation Success!

The school communities efforts last year in choosing to walk, wheel or scoot to school have been recognised by North Yorkshire. We are delighted to have received a STARS Accreditation Award, celebrating our commitment to promoting active and sustainable travel.

This achievement reflects the fantastic support from our children, parents and staff. By choosing active ways to travel to school, they are helping to improve health and wellbeing, reduce traffic and congestion around school, and support the environment.

Jan Luntz RIP

After enduring many months of difficult treatments, on 14th August my wife Jan died from the effects of the cancer that had been diagnosed 18 months before. My deepest thanks to all of you in the two villages, and beyond, who were so kind and generous in helping Jan during her illness. I have been overwhelmed by all the condolence cards and messages of support I have received. Rather than try to give a summary of her life history, I thought it would be nice to share some of the sentiments you expressed in those cards:

"Such a lovely woman ..." "such happy memories ...", "sharing fun together ...", "will be greatly missed ...", "always had a smile on her face ...", "her great sense of humour and lovely smile...", "she was always kind and caring ...", "always a gentle, kind and positive lady ...", "a very dear friend ...", "a very accomplished artist ...", "a wonderful friend, full of life, with a great sense of humour ...", "we were all blessed with having known Jan ...", "Jan was a devoted wife, brilliant mother and "super gran", "reflective and charming, kind, compassionate, supportive and generous ...", "Jan always took joy from every aspect of life ..", "Jan had a fine analytical mind ..", "for us, Jan was the two villages ...", "Jan was always generous in the time she gave to others..", "her warm smile and twinkling eye will remain a reminder of our special friend ...", "jolly, friendly and welcoming ...", "Jan, diligent, reliable, unassuming, talented, thoughtful, fun - what a loss for us all.", "always an asset to any gathering ...", "Jan was at the centre of village life and she leaves a void.", "so brave and cheerful.."

Jan was immensely proud of her two boys and their families. As well as being a super mum, she was also impressive in her other achievements; from working as a radiographer, voluntary work with the WRVS and Mind, graduating from the Open University with a BA Hons. degree at the age of 51, Church Warden for seven years and a key player in the Leven Art Society, to being one of the many stars in the ACES pantomimes! I could go on but, most importantly, she loved, and was loved by, all of her family and many friends.

Thank you.
